

# Forestry and Land Management (Scotland) Act 2018

## Notice of Discharge of Liability for Expenses

Scottish Forestry, on behalf of Scottish Ministers, gives the following Notice of Discharge of Liability for Expenses under **section 66** of the Forestry and Land Management (Scotland) Act 2018 ("the Act").

### Background

This Notice of Discharge of Liability for Expenses ("the Notice") relates to the Notice of Liability for Expenses by Scottish Forestry on behalf of the Scottish Ministers pursuant to Section 64 of the Act, registered in the Land Register of Scotland on *[insert date]* (the "Notice of Liability for Expenses").

Under section 59 of the Act Scottish Forestry carried out all works and complied with all conditions as set out in the *[Remedial Notice / Registered Remedial Notice]* referenced *[insert ref.]*, a copy of which is annexed and signed as relative to the registered Notice of Liability for Expenses.

### Land to which the Notice relates

ALL and WHOLE *[that part of]* the subjects registered in the Land Register of Scotland under the Title Number *[enter title number]* *[shown outlined in red on the plan annexed and signed as relative to this notice]* ("the Land").

OR

ALL and WHOLE *[that part of]* the subjects *[described in and disposed by [Disposition/Feu Disposition/etc.] by [insert details of granter] in favour of [insert details of grantee] dated [insert date(s)] and recorded in the Division of the General Register of Sasines applicable to the County of [insert registration county] on [insert date of recording] [shown outlined in red on the plan annexed and signed as relative to this notice]* ("the Land").

### Description of the effects of the Notice

Scottish Forestry therefore fully discharges the Notice of Liability for Expenses and therefore the owner of the Land is no longer liable for any expenses or interest mentioned in the relevant notice.

**This notice is, together with the plan annexed,  
Subscribed for and on behalf of The  
Scottish Ministers**

## INSERT PLAN

### Ensure:

- Plan must be on OS Mastermap base layer
- Scale of the plan must be appropriate to the scale of the OS map.
- A scale and the orientation of north must be displayed on the plan.
- The plan must contain sufficient surrounding detail to enable the position of the subjects to be fixed with accuracy (using a larger scale 'insert' map for context is useful)
- The boundaries of the subjects must be clearly shown, preferably with measurements.
- References on the plan must be clearly identifiable
